Representing the professional
scaffolding industry in
Queensland

ABOUT SAQ

The Scaffolding Association Queensland (SAQ) was formed in 1994 to increase the level of professionalism in an industry too often ignored or misrepresented in the building process.

Before the Scaffolding Association Queensland was formed, Queensland's scaffolding industry had no organisation to represent their industry.

Since forming in 1994, the SAQ has represented its membership in dealings with State and Federal agencies from associated industries.

The SAQ has also developed a successful track record lobbying Government and representing SAQ members in meetings with Government organisations.

The hard work and commitment of members of the SAQ has also helped improve training and safety standards for scaffolding workers in Queensland.

Over the past 24 years, the SAQ has helped members enhance and expand their businesses by providing support and advice with business management skills as well as updates on technological advances in the scaffolding industry and updates to scaffolding legislation.

Remember, if you're involved in the scaffolding industry in Queensland, the SAQ is here for you!

WHY JOIN SAQ?

All members of the Scaffolding Association Queensland (SAQ) share a commitment to professionalism in Queensland's scaffolding industry.

Members of the SAQ are helping advance more effective safety standards in the scaffolding industry by creating a cohesive industry approach to the development of scaffold related standards.

The cohesive industry approach of the SAQ also helps ensure that changes to government legislation impacting the scaffolding industry in Queensland are reasonable and consider the opinions of scaffolding companies.

STAY UP TO DATE

Be up to date with the latest details and information affecting the scaffolding and building industry.

Any changes in legislative or Health and Safety requirements will be heard first through our informative website, General Meetings and newsletter.

KNOWLEDGE BASE

The Association brings together leaders from the industry who give their time willingly and are happy to assist members or give direction if needed.

Our general meetings are a great place to ask questions or assist others who may have similar concerns.

RECOGNITION

Scaffolding Association Queensland members are recognised as leaders with integrity and ethics throughout the building and construction industry.

Members can utilise the logo on vehicles, website or business stationery.

MEMBERS ONLY INFO

In addition to this, SAQ members also have access to “Members Only” information:

- You will receive your own personal log in to the Members Only section of the SAQ website.
- An invitation to join the SAQ LinkedIn Group, which members use to communicate with the committee as well as each other.
- And receive regular newsletters to keep informed on the movements of the SAQ and the industry in general.

Being a member of the SAQ means that you will be the first to know of any changes or happenings within the scaffolding industry.

GENERAL MEETINGS

The SAQ holds 4 General Meetings annually including our AGM held in August of each year.

General Meetings are a great place to connect and network with your peers in the scaffolding industry.

We have a range a guest speakers that present on the issues and opportunities available to us all in our great industry, including representatives from WHSQ, legislation updates, business information and health & safety related presentations.

General Meetings are also a place for you to raise any issues or concerns you are having in your business that you would like the SAQ to help you tackle. The SAQ provides you with a united voice in our industry.

If you're involved in the scaffolding industry in Queensland, big or small, the SAQ is here for you.

GOALS & OBJECTIVES

The mission of the Scaffolding Association Queensland is to represent, enhance and promote the scaffold industry in Queensland.

This mission incorporates educating and developing the capabilities of members and associate members.

As part of this mission the Scaffolding Association Queensland endeavours to:

1. Promote and maintain a professional image of the scaffolding industry in Queensland
2. Raise the visibility and influence of the scaffolding industry in Queensland

3. Help develop and promote sensible and consistent legislation for scaffold safety

4. Increase awareness amongst SAQ members of technological advances in the scaffolding industry with regard to its products, services and practices

5. Assist SAQ members in becoming more efficient and successful in their business practice

6. Promote consistency in the training and workplace education of scaffolding workers in Queensland

7. Provide a forum for members to expand their professional knowledge and capabilities
